

ADAM AUDIO GMBH | RUDOWER CHAUSSEE 50 | 12489 BERLIN

Dear Customer,

Thank you for registering your new A Series studio monitors. We hope you enjoy the superior sound quality they deliver. "A Control", the dedicated software for real-time control of A Series loudspeakers, will be available in the second half of July. It will be available to download from the MyADAM area of www.adam-audio.com and you will be automatically informed, together with information about your free Sonarworks trial.

Should you have any questions, please send an email to support@adam-audio.com, but in the meantime be sure to check out the A Control tutorial where you can learn about the full functionality of the software:
